**Premium Reserve
Merlot
2007**

Wine Making

This parcel of fruit was specially selected. Bunches were hand picked and the berries were removed from stems and placed in a fermentation tank where they were hand plunged until the completion of fermentation.

The wine was placed in French and American Oak where it underwent malolactic fermentation

It was matured for 12 months in French and American oak.

Winemakers Comments

This wine is a medium bodied wine with red and black cherry fruit combined with balanced nutmeg oak flavors. Fine grain tannins help to give the wine good structure and poise.

Wine and Food Match

Enjoy with a wide range of dishes including red meat, game and pasta
